Slogan Contest On
Desertification and Drought Day 17th June 2021

Desertification & Drought Day 17 JUNE 2021

Restoration, Land, Recovery.
We build back better with healthy land.

Nearly three quarters of the Earth's ice-free land has been altered by humans to meet an ever-growing demand for food, raw materials, highways and homes. Fixing damaged ecosystems mitigates against climate change and bolsters nature's defences against disasters and extreme weather events such as wildfires, droughts, floods, and sand and dust storms. Restoring natural landscapes reduces close contact between wildlife and human settlements, creating a natural buffer against zoonotic diseases.

LET'S PLEDGE TO RECREATE AND RESTORE OUR LAND.
