ATTITUDE IS EVERYTHING!

If you can dream it, you can do it by WALT DISNEY is simple yet powerful words in changing one's life. With great attitude, comes great results. Attitude is how we approach and react to various circumstances in our life. Performance and outcome will be higher if one's attitude is good.

If you are desiring to change the standard of your life, then you have to change your attitude! Your attitude is what you THINK, what you SPEAK and what your ACTIONS are.

As JOYCE BROTHERS said SUCCESS IS THE STATE OF MIND, success begins in the mind. To achieve something positively, think about the ways to achieve them and all the factors necessary to achieve them. Thinking about the success and picturing the outcome before hand in your mind that leads to success. Your mind is the window to the world. Change your attitude by keeping your window (mind) clean to attract positive thoughts. This will magically help you to get what you want in life and meet people who can transform your lives eventually. Is it enough if you think day and night about your goal? Definitely not! Start working on it! Speak right words that make you feel positive towards reaching the goal. Surround yourself with people who boost up you constantly. Either cut off negative people or try to help them change their attitude! Stay focused towards your goal. Confront your fears and grow high. Leave your comfort zone to achieve your dream. You can never gain overnight success. Consistency is the key to success. Right actions will help you achieve your goal and help you reach greater heights.

**"IF YOU THINK YOU CAN OR IF YOU THINK YOU CAN'T!
IN EITHER WAY YOU ARE RIGHT"**

So change your thoughts, stay positive and consistent, so as to transform your life! Change your attitude, change your life because ATTITUDE IS EVERYTHING!... All the Best. By T.Sornalatha, 2nd year M.Ed., Student, Tamil Nadu Teachers Education University, Chennai.

JUST RELAX

"Less tension more work", Just relax. When you are relaxed, your heart rate is slowed to a slow, resting rate. This gives your heart a chance to rest and gives your body a chance to rest and gives your body a chance to refresh itself from the stress, that are visually carried. When you start to laugh, it doesn't just lighten your head mentally, rather it actually endures physical changes in your body.

JUST PONDER OVER THE LINES BELOW

Why did the chicken cross the road?

Aristotle: It is the nature of chicken to cross roads

Newton: Chickens at rest tend to stay at rest. Chickens in motion tend to cross the roads

Einstein: Whether the chicken crossed the road or the road moved beneath the chicken depends on your frame of reference

Heisenberg: We are not sure which score of the road the chicken was or but it was moving very fast.

Paul: There already was a chicken on this side of the road

In the month of August, the Teaching Faculties and Non-Teaching staff gained momentum in the preparation of NAAC. They moved pillar to post to finish their work and to collect relevant data, in this regard our Honorable Vice Chancellor gave continuous and progressive motivations to all to speed up the NAAC work.
